

How much 'fun' was Victorian England?

~~Wasteful~~

Game	Number who can play	How much fun? /10	Reason
Marbles 	2-4	8	It's fun in my opinion, because I like rolling balls and scoring points
Spiderweb. 	1-5	9	It's a really fun game to test your hopping and aiming skills.
Gully	3-6	3	I don't find ball-throwing that fun really. Aiming at the line provides the challenge that scores it a three.
Diablo	1	7	I'm quite getting used to it but it's a bit boring. (I don't always catch it on the string)
Skipping	2-3	6	I don't like skipping because it can catch you and it wastes too much of my energy; that's unnecessary.
Cricket	4-11	2	Another unnecessary energy waster. The only fun I can find is scoring points and bowling. It's BORING!

Appropriately wasting energy in fun way. Quite good and still improving.
